Voices from Across the Sector

Shri. Anurag Thakur Ji
Hon'ble Member of Parliament
(Lok Sabha - Hamirpur)
Government of India

“Thank you, CSRBOX, and congratulations on the incredible work done so far. As India continues its journey as the world's 5th largest economy with rapid industrialization, the 2% CSR mandate is poised for even greater growth. With credible industry partners like CSRBOX, the opportunities to drive meaningful impact will only expand further.”

Ajitabh Sharma, IAS,
Principal Secretary
Industries,
Government of Rajasthan

“Thanks, Bhomik Shah and CSRBOX for sharing your vision for Rajasthan, and discussing future collaboration with the Industries Department about leveraging CSR funds for higher social impact. Waiting for the plan to come on the ground.”

Kumar Anurag Pratap,
Vice President & Head,
Corporate Social Responsibility
and Sustainability,
Capgemini India

“For over a decade, CSRBOX in a number of ways has promoted, facilitated, encouraged, supported those various opinions, those various viewpoints, perspectives which were diverse, contrasting, and they all got together in one particular space.”

AI For Better Bharat

AI for Better Bharat® is a flagship initiative by CSRBOX positioned as a **national platform to discover, showcase, and scale AI solutions for social impact in India.**

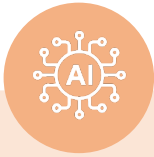

What This Collaboration Delivered

5000+
cross-sector
engagements

Policy, capital
& tech
convergence

Collaborative
ecosystem for
scalable AI
impact

Key Highlight:

Global AI Divide Roundtable-From Principles to Practice featuring industry leaders.

Learner-Led Innovation, Live at the AI Expo

Under the **FutureTech & AI Collaborative** model, CSRBOX learners — trained on **IBM SkillsBuild** and mentored by BharatCares — built and pitched real, working AI solutions.

KrishiBodh AI

AI support for agriculture

Engaged officials from the Ministry of Agriculture & Farmers Welfare, with discussions on pitching at higher levels and a collaboration lead from IIT Roorkee.

SmartScape AI

Data-driven urban planning

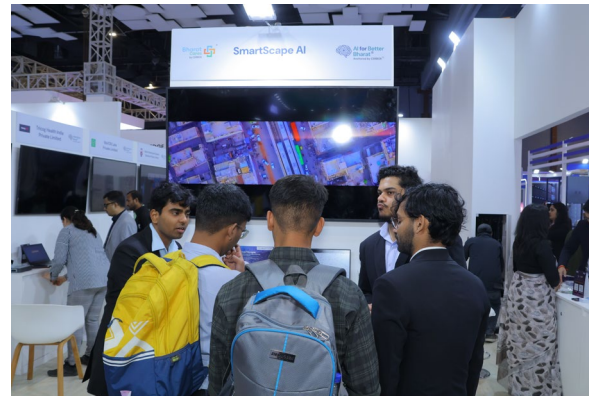

Enables transparent, sustainable urban planning through accessible, AI-powered data insights for policymakers and city planners.

AI Sahayak

Intelligent citizen assistance

Converts gestures into spoken speech for real-time, inclusive communication. Built by Isha, a learner with a hearing and speech disability.

Building the AI for Better Bharat Ecosystem

Government institutions and startups joining hands — from state policy to grassroots deployment.

STATE & GOVERNMENT PARTNERS

Invest UP

Govt. of Uttar Pradesh

The state's apex nodal mechanism for investment & CSR, aligning capital and innovation to position UP as a national benchmark for outcome-driven, tech-enabled development.

CSRAA, Assam

Govt. of Assam

Mobilises and aligns CSR investment with state priorities — AI-based cancer & NCD screening, crop advisory, climate resilience, and youth learning & job-matching.

STARTUP & TECHNOLOGY PARTNERS

Deployment-ready AI ventures presenting live, working solutions on the ground:

- **Digital Green Trust** — AI crop advisory for farmers
- **Glovatrix** — Sign-language translation gloves
- **Sahchi (Gabify)** — Speech & neurodevelopmental screening
- **Tricog Health** — AI ECG interpretation
- **torchit (Jyoti AI)** — Assistive reading for the visually impaired
- **WeVOIS Labs** — AI-enabled waste management
